

# G.Jeevananda

To secure a challenging position in a dynamic organization where I can apply my skills and knowledge to contribute to the success of the company while gaining valuable experience and developing my professional skills.

## INTERNSHIPS

### Pantech E-Learning, Virtual — Web Development

JAN 2023 - FEB 2023

I got to learn Frontend Technologies mainly focused on ReactJS.

I've done my project on building a Video Streaming Website.

## EDUCATION

### Madanapalle Institute Of Technology & Science, Madanapalle — B.Tech

2020 - 2024 Batch

Currently I'm pursuing my B.Tech in MITS in the stream of Electronic & Communication Engineering with a present CGPA of 8.7.

### NRI college, Tirupati — Class 12th

2018 - 2020

I've completed my class 12th from NRI college, Tirupati, in the stream MPC, with a CGPA of 9.7.

### Bhashyam High School, Dharmavaram — Class 10th

2017 - 2018

SSC CGPA 9.8.

## PROJECTS

### Video Streaming Website — Using ReactJs

I've built a website for streaming movie trailers not more than 2.5 minutes using ReactJS, Bootstrap. You can find glimpses of Netflix.

### Chat System Website — Using ReactJs, Chat Engine

I've built a website for chat systems which is capable of sending messages and other multimedia files to an individual and also to a group of individuals. I've used authentication for security purpose.
